

14 MARCH 2016

TO WHOM IT CONCERN

This is to certify that we have been associated with St.Xavier's College, Purulia road, Ranchi in respect of Fire Protection measures in their premises, since the past several years.

In our opinion, St.Xavier's college and their Education department are fully equipped with the required number of Fire Protection Equipments and they will be able to handle any fire emergency.

We have serviced and refilled all the Fire Extinguishers and these are available in a proper working disposition.
